

Logistic model prior toxicity probability

Reference dose 160, cycle 1

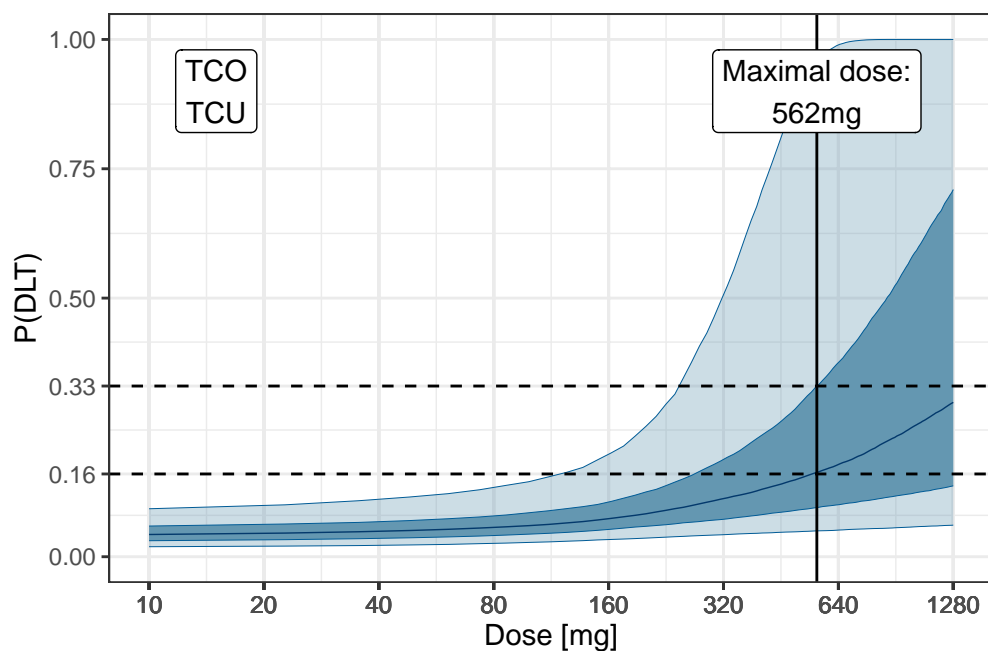

Logistic model prior toxicity probability

Reference dose 160, cycle 3

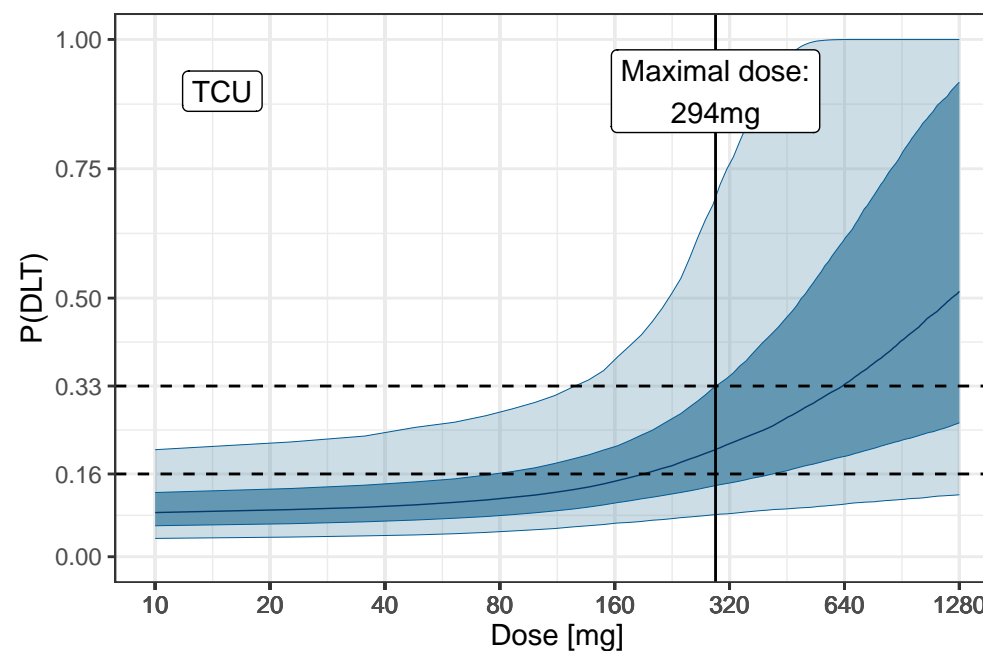

TTE model prior toxicity probability

Reference dose 160, up to end of cycle 1

TTE model prior toxicity probability

Reference dose 160, up to end of cycle 2

TTE model prior toxicity probability

Reference dose 160, up to end of cycle 3
